North Lake County Hospital District Trustees,

Thank you for the support through the distribution of tax proceeds which has assisted in covering the cost to provide needed medical care to the indigent residents of North East Lake County.

Florida Hospital Waterman, dba AdventHealth Waterman, has seen a continued impact to our patients from the COVID-19 pandemic, therefore increasing the need for support. We have submitted \$3,679,664 in claims over the past twelve months. We are respectfully requesting the amount equal to our submissions for the upcoming District distribution year.

We are most grateful for this support by the taxpayers of Lake County and request continued funding.

Please feel free to contact me prior to the meeting if you would like to discuss the request.

Sincerely,

Terri Warren
Vice President/Chief Financial Officer
